

Message from Miss Anderson

This week has been all about celebrating our Year 6 children. I think everyone who was lucky enough to watch their performance Cinderella Rockerfella were blown away by the talent that our children showcased. Rehearsals are now underway for their Y6 Leavers' Assembly which will take place next week on Tuesday.

On Thursday our children all spent time with their new teacher. They all looked perfectly suited to their new year groups having grown a few inches taller this academic year. Their teachers are excited about welcoming them back to school in school in September.

Next week, on Monday your children have all signed up for their River Camp activities. From sports sessions to arts and crafts the children are really excited about the choices they've made. Please send your child into school in their Rivers PE Kit. On Tuesday it's class parties, please send your child to school in their own clothes ready for a morning of games, dancing and party food.

Have a lovely weekend.

Our week in EYFS

Early years kick started the week with their beach day! Children had a fantastic time building sandcastles, paddling in the water and eating ice creams.

Reception have enjoyed writing letters to their new class teachers. They were so eager to meet their new class teacher for September. They enjoyed spending the day in their new classroom and showed resilience when adapting to the change.

Our week in key stage 1

We have enjoyed being creative this week in key stage 1. Year 1 have been creative this week when working on their seasons trees. They created a tree for each season using dot painting and were very resilient when cutting and sticking them all together for their final piece.

Year 2 have created their recycled musical instruments using a range of different materials. They have also blown us away this week with their writing. They have written instructions on how to make a bird feeder. Children have mastered the multiplication and division facts. We know they are definitely ready to move into key stage 2.

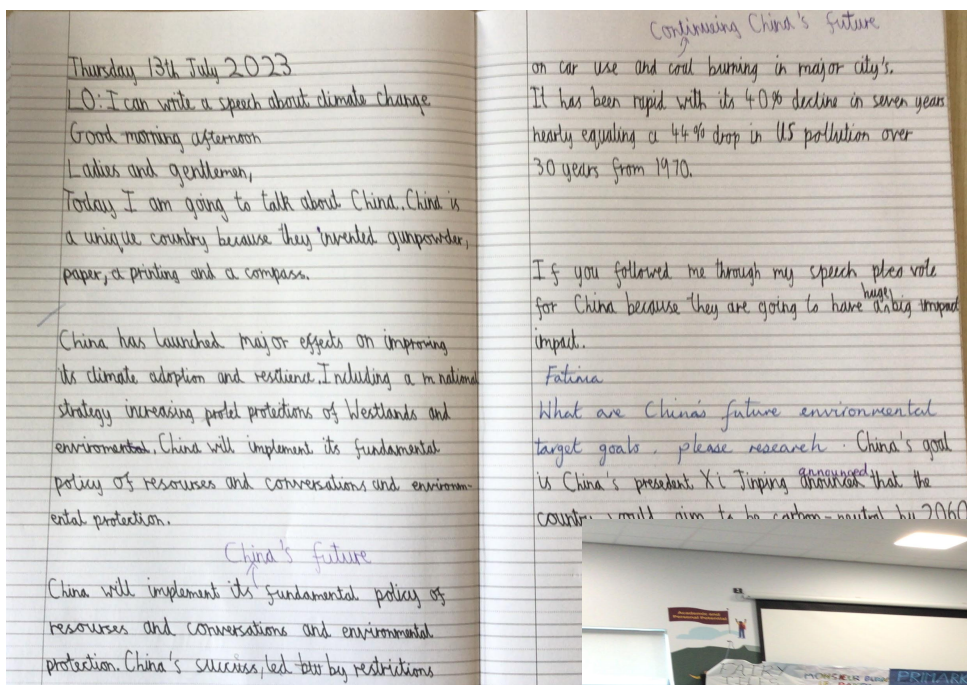

Our week in lower key stage 2

Year 3 have been using grid references to say where something is on a map. In Maths, the children have re-visited measuring and using the correct units of measurement to solve problems.

In Year 4, the children have engaged in their 'Fantastic Finish' task- a Mock COP to share their speeches about climate change and what we can do to help. We have some budding public speakers in Year 4!

All the children in lower key stage 2 have had a talk from PC Stanton and PCSO Walker about keeping safe and making the right choices when out in the community.

Our week in upper key stage 2

This week, Year 6 have shared their performance of 'Cinderella and Rockerfella' with both children and parents. Each show was packed full of laughs, songs and brilliant acting. The children worked incredibly hard to showcase their talents and we were all so impressed with the results. Well done Year 6!

In Year 5, the children have been applying scientific vocabulary to describe a range of different materials. They then worked hard to explain why the different materials had been chosen to fulfill specific tasks. On Thursday, the children met their new Year 6 teachers. They had a brilliant time learning about their new classes and were excited about everything that they have to look forward to next academic year.

Celebrations

Well done to this week's Aspire Ambassadors

Attendance

Next year's attendance events

For all children whose attendance is 97% (no more than 5 days of absence over the academic year) or better coming soon!

PE & Sport Success

It has been a great academic year of school sport. Well done to all children representing the school so well. A record 158 different pupils represented the school at 39 different sporting events. A wide range of different sports offered in competitive, friendly and festival events in girls and boys football, hockey, tag rugby, athletics, dodgeball, target games, swimming and cricket to name just some of the sports Rivers have taken part in this academic year. We all look forward to a busy Autumn term needy year.
